

AMERICANS SURE TO WIN

Unless Some Disaster Over-
takes Their Whole
Olympic Team

HAVE SCORED 101
OUT OF 242 POINTS

Just a Fair Showing in Re-
maining Events Will
Give Them Victory

Antwerp, Aug. 19.—Despite the unexpected victories of European athletes yesterday in the shot-putting and broad jump events, the American team went into the fifth day of competition at the Olympic stadium to-day with such a lead that it seemed they were assured of victory, unless some disaster overtakes the entire team. With 11 events finished, and only 14, including the decathlon, the modern pentathlon and the marathon remaining to be run, the Americans have amassed a total up to date of 101 out of a possible 242 points. The rest of the points are so widely distributed that, even if the Americans make only a fair showing in the remaining events, they appear to have a great advantage over all opponents.

Mounts for the American team entered for equestrian events arrived here yesterday from Coblenz, where the United States team has been training, and this morning began work-outs at the stadium.

American entrants for the marathon race will probably be taken from the schoolhouse, where the team is lodging, to Ostend or the outskirts of Brussels to-day, in order that they may secure rest and quiet for the next two days before entering the Olympic classic on Sunday. Coaches consider the noise at the schoolhouse and the enthusiasm of winning teammates fresh from the stadium to be not particularly productive of good training conditions for the men in this event. The Americans ran five miles at dusk last evening at the stadium, and this will be their last workout, except short walks, during the next few days. They will return on Sunday morning in time for the race.

Norwegian oarsmen arrived late on Wednesday and were out on the water with an eight-oar, four-oar and double-oared shells, while scullers were also paddling about. American, Swedish and Norwegian oarsmen, now here, will be joined to-day by an English eight, consisting of five Oxford and three Cambridge sweep swimmers, who form a fast combination. This crew has covered English Henley course of one mile and 550 yards in seven minutes 16 and three-fifths seconds. All the crews will enter the community quarters completed to-day in a huge hangar, which has been divided into private sleeping rooms, with one compartment for all shells.

The regatta schedule calls for four preliminary heats in each event on August 27; two semi-finals on August 28, and the finals on Sunday, August 29. The entry list shows 12 eight-oared crews, 10 four-oared, nine doubles and 12 singles.

American fencers have been eliminated from the final contests in the individual foil event, Major F. W. Honeycutt being the only American to progress as far as the semi-finals. America was also eliminated from the lightweight wrestling competition last night when George Metropoulos of Gary, Ind., was thrown in four minutes by Friisfeldt of the Danish team. Lieutenant H. L. Szymanski of the United States army, wrestling in the light heavyweight class, won the liveliest bout of the evening from Strensdorf of Norway, the American being de-

WHO IS TO BLAME? Women as well as men are made miserable by kidney and bladder trouble. Thousands recommend Dr. Kilmor's Swamp-Root, the great kidney medicine. At druggists in large and medium size bottles. You may receive a sample size by Parcel Post, also pamphlet telling about it. Address Dr. Kilmor & Co., Binghamton, N. Y., and enclose ten cents, also mention the Barre Times.—Adv.

WAR IS BEING WAGED ALL THE TIME

Between the disease germs in the air you breathe, the water you drink, the food you eat, and the corpuscles in your blood that are the forces of good health.

Keep these forces strong,—don't allow yourself to run down. Take Hood's Sarsaparilla, the medicine for the blood, stomach, liver and kidneys that has the approval of three generations.

If a laxative is needed take Hood's Pills,—they are equally good.—Adv.

clared the victor, after a hard battle lasting 38 minutes.

Canada was drawn against England in the first round of the water polo contest yesterday.

SLOW TIME MADE.

In Preliminary Heats of 400-Meter Run Because Track Was Heavy.

Antwerp, Aug. 19.—Four American runners qualified in the preliminary heats of the 400-meter run in the Olympic games here this morning. They were Frank J. Shea, United States navy, J. E. Meredith, New York A. C., R. S. Emory, Chicago A. A., and George S. Schiller, Los Angeles A. C. Phillips, the only Canadian entrant for this event, also qualified.

The others who will enter the finals in this race are Lindsay, Ainsworth, Worthington and Butler, England; Oldfield, Dufel and Rudd, South Africa; Fery and Andrew, France; Viten, Finland; Engdahl, Sweden; Sunblad, Switzerland, and Corteyn and Morren of Belgium.

Schiller made the fastest time of any of the runners, coming home in 50 and 2-5 seconds, which was 2 and 1-5 seconds short of the record, held by C. D. Deidpath, made at the Stockholm Olympics in 1912. J. E. (Ted) Meredith, the former University of Pennsylvania quarter miler, came through his heat in impressive style, giving evidence of great reserve power. Rudd, the South African star, simply breezed home.

The slow time made by the runners was caused by the heavy rains which fell here this morning. The judges were huddled under umbrellas and a handful of spectators and newspaper men were seeking shelter far back in the stand when the preliminaries began. The rain started early and soaked the track, which was already heavy.

All four American entrants in the pole-vault event, F. K. Poss, Chicago A. A., E. E. Knourek, Illinois A. A., E. I. Jenne, Washington State college, and E. E. Myers, Chicago A. A., qualified for the final. The two others to qualify were Hogstrom, Mattson and Rydberg of Sweden, and Jorgensen and Petersen of Denmark. All those qualifying cleared the bar at 3.60 meters.

TENNIS SEMI-FINALS DELAYED.

While Postponed Third Round Matches Were Being Played.

Boston, Aug. 19.—The semi-final round of play for the national doubles tennis championships was held up to-day while postponed third round matches were being played at the Chestnut hill courts of the Longwood Cricket club. It was considered doubtful if either of the semi-final matches would be played to-day.

The three matches to determine which teams will enter the semi-finals with William T. Tilden and Charles Garland were those in which R. Norris William, 2d, and Richard Hart met Willis Davis and Roland Roberts, W. T. Hayes and R. H. Burdick faced W. F. Johnson and S. W. Pearson, and W. M. Johnson and C. J. Griffin played L. E. Mahan and A. Yencken.

Cruelty to Poultry. Lexington Ledger—Sam Bolt has discovered a new way to break a setting hen. He puts an alarm clock under her fixed to go off in half an hour. The ticking of the clock makes the hen fussy and when the alarm goes off she is so near nervous prostration that it scares the setting notion clear out of her head.—Boston Transcript.

Ray's Conclusion.

Reproved the other day for disobedience, little Ray was silent for a moment and then said, "Mother, how much did you pay the doctor for bringing me?"

"Quite enough," the mother replied.

"Oh, well," said Ray, "I guess you didn't get stung."—Boston Transcript.

SPEAKER WILL REPORT DEATH

Will Tell Ban Johnson How
Chapman Got Frac-
tured Skull

FUNERAL WILL BE
HELD FRIDAY

Cleveland Baseball Fans
Are Contributing a
Testimonial

Cleveland, O., Aug. 19.—Many persons prominent in the baseball world are coming here to attend the funeral of Ray Chapman, which will be held to-morrow morning in St. Pilemen's Catholic church, East Cleveland. Among them is B. B. Johnson, president of the American league, who will receive from Manager Speaker of the Cleveland team a report of the accident which resulted in Chapman's death in New York Tuesday morning.

To-morrow's schedule game between Boston and Cleveland has been postponed and a double-header arranged for Monday. It is contemplated having the entire Cleveland team attend the funeral of their dead companion. At the request of the family the body will not lie in state.

Early to-day approximately 15,000 admirers of the dead ball player had paid ten cents each toward the "flower from the fan" fund. A certain amount of this will be used for flowers and the remainder turned over to a committee appointed by Mayor Fitzgerald to raise a fund for a memorial for Chapman at League park.

ST. LOUIS "SOCCER" TEAM WAS TIED

In Playing Against the Combined
Stockholm Team—Americans Sail
for Home September 16.

Stockholm, Aug. 18.—The St. Louis football team played a tie game against the combined Stockholm team here to-day, each team scoring two goals, all of which were put over in the first half. This was the last match the Americans will play here before going on a provincial tour. The visitors seemed to be lacking their usual speed, due, perhaps, to the fact they have played in too many hard-fought matches recently.

Swedish kickers have learned much from the Americans as to individual play, speed and determination, and their game is much improved since the Americans arrived here.

The St. Louis team probably will return to America on board the steamer Drottningholm, which sails on September 16. A visit to Denmark was contemplated, but it was called off as the Danish government collects an amusement tax of four per cent, which would make it impossible for the team to pay the expenses incident to the visit.

JIM BARNES PUT OUT.

Defeated by Clarence Hackey in Chicago Tournament.

Chicago, Aug. 19.—Eight of the original 32 who started in the professional golfers' tournament—two western, four eastern, and two southern players—were paired to-day for the third day's play. The pairings are: Peter O'Hara, New York, vs. George McLean, Great Neck, N. Y.; R. G. McDonald, Chicago, vs. J. Douglas Edgar, Atlanta, Ga.; Harry Hampton, Richmond, Va., vs. Clarence Hackey, Atlanta City, and Louis Tellier, Boston, vs. Jack Hutchinson, Chicago.

Jim Barnes, champion of the Professional Golfers' association since its inception, was eliminated when Clarence Hackey defeated him 5 and 4 yesterday.

Told No Lies.

Jones sent \$2 to a concern that advertised to send for that sum five pairs of hose by mail. When they arrived, he looked them over and then wrote the senders: "Hose received. The patterns are vile. I wouldn't be seen on the street with them on." Back came the answer: "What are you kicking about? Didn't we advertise that you wouldn't wear them out?"—Boston Transcript.

THE WONDERFUL FRUIT MEDICINE

Every Home In This State
Needs "Fruit-a-tives"

To those suffering with Indigestion, Torpid Liver, Constipation, Sick or Nervous Headaches, Neuralgia, Kidney Trouble, Rheumatism, Pain in the Back, Eczema and other Skin Affections, 'Fruit-a-tives' gives prompt relief and assures a speedy recovery when the treatment is faithfully followed.

'Fruit-a-tives' is the only medicine made from fruit—containing the medicinal principles of apples, oranges, figs and prunes, combined with valuable tonics and antiseptics. 50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid, by FRUIT-A-TIVES LIMITED, OGDENSBURG, N. Y.

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite
Recipe of Sage Tea and
Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Now, days, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.—Adv.

BELGIAN RAILWAY WORKERS WILL REFUSE

Try to Prevent Shipment of Troops or
Munitions from or Through
Belgium.

Brussels, Aug. 18.—The Belgian railwaymen's syndicate has decided to prevent the transportation from or through Belgium of troops or munitions intended for Poland. This decision follows similar action by the Antwerp dockers.

SLEEP LIKE A TOP

There is nothing so essential to good health as good sound, refreshing sleep. This you cannot get if your stomach, liver or kidneys are out of order. It is an easy matter to keep these important organs in good condition if, when they are not working properly, you will take for a few days from 10 to 20 drops of SEVEN BARKS in a little water after each meal. It is a safe and remarkable remedy, scientifically blended from the extracts of roots and herbs, and has stood the test for nearly half a century.

If you want to "sleep like a top," as the old saying goes, you must take good care of your health. SEVEN BARKS comes direct from Nature, and is a most valuable remedy in the home treatment of chronic disorders, such as indigestion, constipation, rheumatism, liver, kidney and stomach troubles. As a tonic and general corrective, SEVEN BARKS is without an equal, and should be in every home. It is nature's way of supplying tone and strength and overcoming disease.

Sleepless nights will cause you to get up in the morning, tired and unfreshed, with a dull, heavy head, despondent, etc.—these are symptoms of deranged stomach, an inactive liver and kidneys. SEVEN BARKS will help remove the cause of these troubles. It acts gently and safely, but very efficiently. At druggists'. Price, 60 cents.—Adv.

Needed at Dances And the Sea Shore

(Aids to Beauty)

Here is a home treatment for removing hairs that is quick, painless and inexpensive: With some powdered delatone and water make enough paste to thickly cover the objectionable hairs, apply and after two or three minutes rub off, wash the skin and it will be left soft, clear and hairless. This treatment will not mar the skin, but to avoid disappointment, be careful to get real delatone. Mix fresh as wanted.—Adv.

BEE-TAMING EXHIBITION

Was Put on By Middlebury
Man for Benefit of New
Hampshire Farmers

HANDLED SWARM
WITH GREAT SKILL

While Nervous Spectators
Looked on With
Interest

Durham, N. H., Aug. 19.—Bee-taming was demonstrated in a spectacular way to a crowd in attendance at the farmers' and home-makers' week exercises at New Hampshire college to-day when J. E. Crane of Middlebury, Vt., applied his soothing powers to a swarm that had put the entire horticultural force to rout during the haying season. The expert handled them without gloves and wore no veil, although the air was filled with honey bees.

Nervous spectators in the throng closely packed around him wished they had brought masks, but everyone came through the ordeal without a sting. Later they listened to an address by Mr. Crane on "infantile disease of bees."

THE SITUATION IN EUROPE

There Is Real Danger That the Allies
Will Unite Germany With Russia.

The European situation is such that to some extent it is necessary for justice to make some concession to expediency. There is in Germany a complete socialist government. There is in the country a considerable and increasing bolshevik element. Some members of the government itself are probably not at all averse to a soviet government. In respect to industry, the new German laws go a good deal more than half way in that direction.

And yet, so far, the German government and the German people are very far from bolshevistic. They can, however, be driven by despair into complete and violent bolshevism. The situation in Poland, apparently the result of the political wisdom such as characterized the Poland of old, is a warning.

Everybody knows that the Germans signed the treaty without the slightest intention of keeping any part of it any longer than they could help. Nobody doubts that the nation is a unit in evading by all means possible every distasteful provision. There is no occasion for sympathy with Germany whatever happens to her.

But there may be danger to all western Europe if the Germans are driven to desperation. We do not suppose that by any possibility close economic relations between Germany and Russia can long be prevented. It will be wise for western Europe to take care that close political relations are also not established and on the Russian basis.

made sufficiently desperate the Germans will go bolshevik. And then western Europe will call louder than before to us for help, and this time we shall not go.

The allies and Germany have signed a treaty of peace. In official meetings for the transaction of international business there is necessity for personally friendly relations. Both sides are now in a situation in which the united efforts of both are needed to avert an even worse European conflagration than we recently helped to suppress. But if any choose to set fire to their own house they have no right to expect help from other people.—San Francisco Chronicle.

NORTH MONTPELIER

Mrs. Charlotte Com, Mrs. Mae Huse and two sons have been spending a few days at Hampton beach.

Mr. and Mrs. Alvin Fletcher are visiting in New York.

E. A. Fitts, Mr. and Mrs. Ralph Thayer and family, Mr. and Mrs. Earl Tyler motored to Windsor Sunday.

Mr. and Mrs. H. G. Fletcher are entertaining cousins from Johnson.

Mr. and Mrs. Levi Preston and son, Raymond, Mr. and Mrs. Arthur White and family have returned from a camping trip.

Mr. and Mrs. O. E. Colburn of Unity, Me., are visiting Albert Ashline.

Mrs. Clara Nichols has returned to Lowell, Mass., after spending two weeks with her sister, Mrs. W. N. Carpenter.

There will be an entertainment given by the East Brookfield northeast hill talent Friday evening, followed by a dance. The grange has a share of the proceeds.

George Blakely from Orleans and Mr. and Mrs. Cleveland of South Dakota were recent guests at Arthur Parker's. Mr. and Mrs. Cleveland are touring the United States and say Vermont roads are the best in the union, except New York state.

CUTICURA HEALS PIMPLES ON FACE

Itched and Burned Terribly. Had to
Scratch. Caused Disfigurement.

"I noticed small red blotches on my face and neck, and they soon became hard, red pimples. They itched and burned terribly so that I had to scratch, causing them to spread to my back. They came to a head and caused disfigurement. At times they were so sore I had to bathe them very tenderly."

"I read an advertisement for Cuticura Soap and Ointment and sent for a free sample. I got a large cake of Cuticura Soap and a box of Cuticura Ointment, and in three weeks I was healed." (Signed) Miss E. Stevens, 731 Washington Avenue, New Haven, Conn., May 4, 1919.

Make Cuticura Soap and Ointment your daily toilet preparations.

Sample Soap Free by Mail. Address: "Cuticura Laboratories, Dept. H, Malden, Mass." Send every where. Soap 25c. Ointment 25c. and 50c. Tubes 25c.

Cuticura Soap shaves without lather.

MANY GOOD COWS.

In Waterbury-Waitsfield Cow Test Association—473 Tested in July.

Four hundred and seventy-three cows in the Waterbury-Waitsfield association were tested during the month of July and of this number 22 were quality cows. M. H. Moody's registered Guernsey cow, Nannette's Daughter of Seven Elms Farm, again leads in the amount of fat produced, her record being 89.9 pounds in the 30½ days. The largest amount of milk was produced by the registered Holstein cow, Rag Apple Nellie Du Kol, owned by the Vermont state hospital. She produced 1,525 pounds of milk and 48.8 pounds of fat during the month.

The records of the association for the first six months show in a very convincing manner the advantage of keeping purebred stock, the leading cow for every month having been registered, and in every case but one either having an A. R. record or being on test.

The following table gives the names and records of the cows in the association, which have produced more than 40 pounds of butterfat or 1,000 pounds of milk during the period of 30 days ending August 2:

Owner	Breed	Lbs. Lbs. b.t.	of cow	of cow.	milk	fat

A RELIC OF 1776

Historic Tavern Will Be Restored—
Land in Pennsylvania Bought.

Definite action has been taken by the Washington Crossing park commission to restore the old ferry house and tavern at Washington Crossing, Bucks county, fifteen miles southeast of Doylestown, Pa., along the Delaware river. The site named is that made famous by General George Washington, when he crossed the river on Christmas night, 1776, commemorating the turning point of the Revolutionary war at the battle of Trenton.

The project took concrete form when final purchase of the land site in question was effected. The land bought includes 1,500 feet of river frontage and includes the point of embarkation of troops and the "Old Ferry Road" leading to it. It has also purchased an island in the Delaware and sixty acres west of the river road, which includes the ridge behind which the troops were massed and drilled.

His Engaging Ways.

"Jack is the most engaging talker I ever met."

"Indeed! What did he say?"

"He asked me to marry him."—Boston Transcript.
